

Anabaptist Disabilities Network

When speaking in Worship or in a Public meeting:

- **Use the Microphone correctly, held close to the mouth.**
- **Speak at a slower pace; not too quickly.**
- **Speak clearly; articulate and enunciate well.**
- **Maintain a strong Tone of Voice from the Start to the End of sentences.**
- **Look up while speaking; “Show your Lips” to listeners.**

Feel free to use the above list as a posted reminder on the podium platform, or as a note in the newsletter, or however works best for you.
